

PRIVACY POLICY

Last Updated: October 7th, 2022

Maawi S.r.l (“**Maawi**” or “**we**”, “**us**”, “**our**”) recognizes that your privacy is very important and we take it seriously. Maawi commits to protect and respect your privacy and to provide you with all required information concerning the processing of personal data that we collect about you or that are otherwise provided to us, in compliance with the relevant applicable data protection laws.

This privacy policy (“**Privacy Policy**”) informs you about our policies and procedures regarding the collection, use, protection and disclosure of your personal information we receive from your use of the Maawi platform (the “**Platform**”) or otherwise as hereinafter better detailed. This Privacy Policy also tells you about your rights and choices with respect to your personal information, how you can reach us to update it or get answers to questions you may have about our privacy practices.

YOUR INFORMATION SUBJECT TO COLLECTION AND PROCESSING

1. Information that you provide to us directly

We collect information that you provide when you set up your Maawi account, such as your name and surname, address and email address, date of birth, username and password and any other personal information that you choose to add to your profile.

In addition, we collect the information that you share by using the Platform, e.g. contents created or published through the Platform, messages and communications, imported or uploaded images, photos and videos as well as associated metadata (such as when, where and by who the content was created). If you choose to import your contact, we will collect information from your device’s contact book or your social media contacts so that it will be easier for you and your contacts to connect and interact in the Platform.

By using the Platform, you may also choose to share sensitive data that are subject to special protection under the applicable laws, e.g. racial or ethnic origin, political opinions, religious or philosophical beliefs, trade union membership or information relating to your health. Considering the particular relevance of such personal data under the applicable laws, we kindly invite you not to share such data through the Platform.

You can also choose to participate in one of our surveys, marketing campaigns or events and in such case we will collect the information that you will share with us in such contexts.

If you need to contact us, we will collect the information that you will decide to share with us in order to process to your request and reply to you. Please be aware that, depending on your requests, we may require you to provide us some necessary personal information, such as name, email and/or proof of identity or age, in order to detect and avoid possible violation of policies and terms and conditions of the Platform or applicable laws and regulations.

When you sign up for a Maawi account, you will be asked to provide your consent to the processing of your personal data for the purposes laid out in this Privacy Policy; however, if you communicate with us by email or in another manner before having expressed your consent to the processing of your personal data according to this Privacy Policy, we will process the data that you voluntarily provide us only to give you a response to your request.

You are always free to decide whether to provide your personal data or not. However, any refusal to provide the information necessary for using the Platform (eg. log in data) or necessary to reply to your requests may prevent us from providing you the relevant service.

2. Navigation data

Every time you use the Platform, the following data will be gathered automatically:

- technical information, such as device and network connection information related to your access to the Platform, information related to the performance of the services provided through the Platform, crash report, performance logs, log history. In addition, when you will first log in to the Platform, you will be automatically assigned with a device ID and user ID and such information will be used to identify your activity when you use Platform through different devices;
- information about how you use the Platform and the relevant features, such as people and accounts you interact with and time, frequency and duration of your activities, data on the series of clicks generated (clickstream), the content you view or your search history on the Platform and your settings;
- your approximate location based on technical information to customize your experience or for diagnostic and troubleshooting and, subject to your consent, we may also collect your exact location or the purposes of providing you with the Platform's location features.

Navigation information is not collected with the primary aim of identifying users, however due to its very nature it may allow for the identification of users.

3. Information that others provide to us directly

We receive and analyse information that other users share with us while using the Platform that might include information about you, such as when others comment your contents or send message to you or when they send a complaint or feedback that may regard you or when other connect their device's phone book or social media contacts to the Platform.

We receive also information from third-party platforms for example when you decide to sign-up for a Maawi account using a third-party platform. To learn more about the information shared in such cases and how to limit it please refer to the following section "*Social plug-ins and relations with social networks*".

COOKIES

In case you visit the website of the Platform, please be aware that we use cookies. For detailed information on cookies and the reasons they are used, please refer to our *Cookie Policy*.

- xxi. comply with legal obligations to which we may be subject;
- xxii. for any other purposes disclosed to you at the time we collect your information or pursuant to your consent.

SHARING YOUR DATA

Your information will be shared in the following ways:

- Sharing information on the Platform: when you comment, share information or upload contents, video or photos, your data will be shared with the audience you choose. Please be aware that (i) public information can be accessed also by third-party services such as APIs, apps, search engines, content aggregators, websites and other services integrated with the Platform, (ii) information shared with other users can be downloaded or reshared by such users to others also off the Platform.
- Your personal data will be processed by our employees or collaborators, assigned to the corporate functions deputed to the pursuit of the above-mentioned purposes, in their capacity as authorized processors pursuant to the applicable laws.

- Service providers: in order to provide, support and develop the services related to the Platform, including to manage and improve it and its features, we work with third-party partners and service providers, including cloud hosting, customer and technical support, content moderation, marketing and analytics partners.
- Third-party integrations: when you consent to connect third-party integrations, platform or services to the Platform, your personal data can be shared with such third-party integrations. Please be aware that personal data collected by third-party integrations, platform or services are not subject to this Privacy Policy, but their own privacy terms and conditions.
- Corporate transactions: Your information may be disclosed to third parties in connection with a corporate transaction, such as a merger, sale of assets or shares, reorganisation, financing, change of control, or acquisition of all or a portion of our business.
- Legal obligations: your personal data may be shared with public and/or private individuals, natural and/or legal entities (legal, administrative, and tax consultancy firms, Chambers of Commerce, etc.), if we have good faith belief that providing this information is necessary or functional: for correctly complying with the contractual obligations taken on, as well as with any obligations provided under applicable laws and regulations, legal process or government requests; to investigate potential violation of and enforce Platform's policies and terms of use; to investigate, prevent and/or address illegal activities; to protect the rights, property, and safety of our users.

We do not take information about you from public entities or private organizations. We may share anonymous information with third parties to provide additional information for analysis and statistics on the use of the Platform for research purposes.

DATA PROCESSING AND RETENTION

The processing will be carried out using automated and manual means, with methods and tools meant to guarantee the utmost security and privacy, by parties made responsible for this in compliance with the provisions of the relevant applicable laws. We regularly review our security measures to consider available new technology and methods.

Your data will be stored for the time strictly necessary for us to carry out the purposes they were collected for or until your accounts is deleted. Please be aware that we may retain information so long as it will be necessary to comply with contractual and legal obligations, when we have a legitimate business interest to do so (such as improving and developing the Platform, and enhancing the safety, security and stability of the Platform), and for the exercise or defense of legal claims.

Maawi can transmit your personal data to its servers or data center outside the United States for storage and/or processing. Third parties with whom Maawi may share your personal data as described in this Privacy Policy may be located outside of the United States.

YOUR RIGHTS

You have the following rights:

- To access: you can obtain information relating to the processing of your personal data, and a copy of such personal data.
- To rectify: where you consider that your personal data are inaccurate or incomplete, you can require that such personal data be modified accordingly.
- To erase: you can require the deletion of your personal data. Please note that your request does not ensure complete or comprehensive removal of the material. For example, materials that you have posted may be republished or reposted by another user or third party.

- To restrict: you can request the restriction of the processing of your personal data.
- To withdraw your consent: where you have given your consent for the processing of your personal data, you have the right to withdraw your consent at any time.
- To data portability: where legally applicable, you have the right to have the personal data you have provided to us be returned to you or, where technically feasible, transferred to a third party.

You may exercise your rights by contacting us at the following e-mail address privacy@maawi.com or physical address provided in the contact section at the bottom of this Privacy Policy. Before we can respond to a request to exercise one or more of the rights listed above, you may be required to verify your identity or your account details or provide additional information so that we can understand the issue.

If you are a California resident, once a calendar year, you may be entitled to obtain information about personal information that we shared, if any, with other businesses for their own direct marketing uses. If applicable, this information would include the categories of customer information, as well as the names and addresses of those businesses with which we shared customer information for the immediately prior calendar year. To submit a request, contact us at privacy@maawi.com or physical address provided in the contact section at the bottom of this Privacy Policy.

SOCIAL PLUG-INS AND RELATIONS WITH SOCIAL NETWORKS

Our Platform allow for interaction with social networks by means of sharing buttons and also may contain social network plug-ins.

If you access to one of this type of plug-in, the Platform connects directly to the servers of the social network and the plug-in is displayed on the screen thanks to the connection with the browser. If you use a social network to visit the Platform while connected to a social account, your personal information may be associated with the social account. The information will also be associated with the social account if the plug-in functions are used. Such information may include your email address, user ID and public profile.

As regards the methods of privacy protection and the processing of the personal information collected by those social networks to allow for the above-mentioned interaction, please refer to the pages of the individual social networks. If you do not want to associate the visit or the use of the Platform with a social account, please log off from the social network before visiting them.

Please take note that if a service for interaction with social networks is installed, it is possible that, even if you are not using the service, they may collect traffic data relating to the pages on which it is installed.

YOUNGER USERS

The Platform can be used by users you are at least 16 years old. Creating an account with false information relating to your age or on behalf of someone under the minimum age is a violation of our terms.

If you believe that we have information about someone younger than this, please contact us via the details set out in the “*Contact Us*” section below.

THIRD-PARTY WEBSITES

This Privacy Policy should not be considered valid for any other third-party websites that may be consulted via the links present on our Platform.

AMENDMENTS TO THE PRIVACY POLICY

This Privacy Policy may be subject to changes and additions over time, which may also be necessary according to new regulatory measures regarding the protection of personal data. Therefore, we invite you to periodically check the contents of this Privacy Policy. The “Last Updated” date at the top of this policy reflects the effective date of such policy changes. In addition, where possible, we will notify you before we make any amendments to this Privacy Policy in order to give you the opportunity to review the new terms before they will become effective.
